CALL FOR ERASMUS+ OUTGOING SHORT STUDENT MOBILITIES
BLENDED INTENSIVE PROGRAMME
Unveiling Medieval Monastic Dynamics – M_Dyn
academic year 2024/25

In the framework of the Erasmus+ Programme – KA131 Learning Mobility of Individuals, and on the basis of the results and the funds awarded under the project Erasmus 2023-1-IT02-KA131-HED-000135746, a call for students’ selection is published to assign contributions to take part into the BLENDED INTENSIVE PROGRAMME named Unveiling Medieval Monastic Dynamics – M_Dyn hereafter referred to as “BIP”.

This Blended Intensive Programme aims to develop a didactic approach for the study of religious landscapes, in order to understand their diachronical evolution, since the Middle-Ages, as well as its past and current values. The selected case study is the convent of Nossa Senhora da Saudação, located in Montemor-o-Novo, in Alentejo region (south of Portugal).

The course will provide participants with the knowledge and skills needed to understand a historical landscape through theoretical classes and practical activities, joining on-site and off-site methodologies, traditional and digital technologies. Digital documentation practices will be applied for the analysis of the monumental landscape and architectural heritage of the monastery site. Based on a real case study, lectures and practical activities will focus on the examination of medieval archival documents through historical, cultural and ecological lenses; the acquisition, management and analysis of data from digital survey technologies; the introduction of data in GIS environments. Traditional and digital methodologies will be applied. The last ones include a three-level approach with i) aerial Photogrammetry and Laser Scanning, for a wider portion of the territory; ii) terrestrial Photogrammetry and Laser Scanning, for built structures; iii) georadar surveys for underground hydraulic systems.

The BIP activities will be conducted at Lisbon (opening and closing day) and at Montemor-o-Novo (didactic and practical activities).
